

A COMPLETE RANGE OF GLOBAL LOGISTICS SERVICES

Expeditors offers a full range of global logistics services, including: Air Cargo, Ocean Cargo, Warehousing / Distribution, Customs Clearance, Consolidation, Cargo Insurance, Freight Forwarding and other value-added services.

AIR FREIGHT FORWARDING

Expeditors, an IATA agent for all major airlines, serves businesses worldwide. Our network of experienced professionals in every major city assures you of responsive service and thorough, accurate documentation.

ORDER MANAGEMENT

Our sophisticated tracking system manages critical shipment data from multiple vendors in multiple origin countries. Origin teams consolidate goods, maximize container space, streamline documentation and control your vendor base – ultimately reducing your unit costs. Electronic updates give you instant information down to the SKU or item to better manage your business. With internet capabilities, you, your buyers, vendors or agents can access critical data from any computer with internet access – from Purchase Order inception through final delivery.

OCEAN FREIGHT FORWARDING

Expeditors will seek out and book the most expeditious and economical space to destinations anywhere in the world. We serve many customers whose shipments range from agricultural commodities and clothing to electronics and manufactured products.

OTI / NVOCC (Non-Vessel Operating Common Carrier)

As an Ocean Transportation Intermediary we offer a wide range of fast, economical containerized cargo options makes our ocean service the first choice of many shippers. Using our contractual relationships with steamship lines, we offer highly flexible scheduling. Expeditors provides both FCL and LCL services worldwide.

INTERNATIONAL LETTERS OF CREDIT

This highly specialized documentation requires extreme accuracy and thoroughness. This is precisely the quality of service we provide to help you get paid promptly and without penalties.

CUSTOMS CLEARANCE

Expeditors has built an organization to support the evolution of a global Customs environment, with its focus on people, process and technology. The Customs product offered by Expeditors in this environment consists of three areas: compliance, release and analysis. Within the US, Expeditors has over 260 licensed brokers with at least one (1) licensed broker in every Customs district where Expeditors has an office.

DISTRIBUTION / WAREHOUSING

Whether it's transloading, cross-docking, full-case or pick and pack order fulfillment, Expeditors will make sure your distribution network is seamless. Because one of your prime commodities is information, Expeditors can customize our data reporting system and EDI to your needs. You'll have access to your current inventory levels and customized reports so you can manage your business effectively.

AIR CONSOLIDATION

Quality service has made Expeditors the largest US-based air freight consolidator in the Far East and one of the fastest growing in the US export market.

LICENSING

Expeditors' professionals will assist you to review your high-tech, licensable freight, and recommend ways for you to establish an efficient export licensing program to help you conform to regulations.
